PROFILE

My journey into the world of technology began unexpectedly when my late father bought me my first computer. What started as a simple way to play games quickly turned into a deep fascination with how it all worked. I immersed myself in learning about programming and software development, captivated by the endless possibilities.

This initial spark led me to pursue an Access to Higher Education qualification in Mathematics and Computer Science. Fuelled by that early curiosity, I recently completed a 3-month software development course with Northcoders, solidifying my passion and commitment to building a career in this dynamic field.

SKILLS

- **Languages:** JavaScript (Node.js, browser environments)
- **Testing:** Test Driven Development (TDD), Jest, Supertest
- **Back-end:** SQL, PSQL, seeding, migrations
- **Front-end:** HTML, CSS, React, Bootstrap, accessibility tools
- **Hosting:** Cloudflare, Netlify
- **Other:** Paired programming, technical communication, SDL, Agile and SCRUM methodologies

PROJECTS

- **API News:** Applied learning to build a fully-tested back-end development project. The purpose of the Node API was to allow users to manipulate data, including articles, topics, user accounts, and user comments on a fictitious news website.

This database is hosted by Render. It has been developed by Test-Driven Development which ensures that error-handling operates correctly.

<https://github.com/CloneTrooper66/Project>

- **NC News:** Successfully built on my API with my front-end development project. This application allows users to filter through a database of articles and allows visitors to upvote, downvote and comment on articles.

EDUCATION

Trainee Full Stack Developer | Northcoders | April 2024 – Present

- Completed an intensive 13-week coding boot camp specializing in full-stack JavaScript development at Northcoders, a prestigious UK tech education provider known for its industry-focused boot camps.
- Learned Test-Driven Development best practices, Object-Oriented Programming, and version control with Git.
- Gained proficiency in HTML, CSS, and JavaScript.
- Completed coding tasks independently, driven by personal motivation and determination.

Newham College of Further Education | August 2019–2020

- Level 3 Access to Higher Education Diploma (Computer Science and Maths)

Intech Centre | June 2020

- City & Guilds Functional Skills Qualification in English Level 2
- City & Guilds Functional Skills Qualification in Mathematics Level 2

City of Westminster College | September 2017–2018

- Pearson Edexcel Level 2 ESOL Skills Reading and Writing
- NOCN Level 1 Certificate in Skills for Employment, Training and Personal Development

Tbilisi Ilia Vekua School of Physics and Mathematics | September 2010–2016

- Georgian A Levels: Mathematics (A), Physics (B), English (A), Georgian Language and Literature (B), Russian (A)

WORK EXPERIENCE**TEAM LEADER | WASABI | February 2022 – Current**

- Manage a team of nine staff members to ensure timely production of food items for distribution to three Wasabi stores.
- Conduct stock counts to maintain inventory accuracy.
- Place orders for products essential to store operations.
- Verify and oversee deliveries to ensure quality and quantity compliance.

CASHIER | NANDOS | April 2019 – December 2021

- Developed strong multitasking abilities.
- Enhanced customer service and communication skills.
- Learned effective time management and prioritization.
- Adapted to a fast-paced work environment while maintaining academic performance.

TEAM MEMBER | McDonald's | November 2016 – October 2018

- Improved English language proficiency.
- Provided essential financial support to my family.
- Learned valuable customer service and teamwork skills.
- Adapted to a new work environment and cultural setting.
- Demonstrated resilience and determination in balancing work and personal responsibilities.
- Gained experience in fast-paced service industry operations.

LANGUAGES

- **English:** Fluent
- **Georgian:** Native
- **Russian:** Fluent
